

## FOR IMMEDIATE RELEASE

### Welco's Industrial Segment Transitions to Trans Canada Forest Products

**July 30, 2025 — Surrey, BC** – We are pleased to announce that Welco's Industrial segment is being officially transferred to **Trans Canada Forest Products**, a move that signals a new era of opportunity, partnership, and growth.

This strategic transfer is a natural extension of the synergy between Welco's legacy and Trans Canada's expansive capabilities. Over the years, the community of suppliers, customers, and partners has played a pivotal role in Welco's growth. We believe that, under Trans Canada's stewardship, the industrial segment will reach new heights — with enhanced resources, broader market access, and a renewed commitment to excellence.

### Commitment to Continuity and Collaboration

Trans Canada Forest Products is committed to continuing the valued relationships that have made Welco's industrial business a success. All existing **partner suppliers and client connections will be maintained**, ensuring a seamless continuation of service and collaboration.

During the **transition period**, our focus will be on aligning with each supplier and client to ensure clarity, continuity, and mutual benefit. We recognize the importance of these partnerships and are dedicated to making this changeover as **smooth and transparent** as possible.

We are fully aware that transitions come with their own set of challenges — and we want to assure you that we are doing our utmost to **avoid disruptions** and minimize any potential issues along the way.

### Looking Ahead

We thank every supplier, customer, and partner for your trust, dedication, and contribution to Welco's success to date. Your support is the cornerstone of this next phase, and we are excited to **foster and grow our mutual business relationships** under the Trans Canada banner.

Thank you for the opportunity — and we look forward to building an even stronger future, together.
